

Biskoppen over Københavns Stift

Akt nr.: 1396453
København May 17. 2021:

Dear Patriarchs and Heads of Churches of Jerusalem!

On receiving your letter about the recent violent events in your region, we send our greetings in hope that Jerusalem may be restored as the City of Peace.

We hope and pray that politicians and other decision makers will react and try to eliminate the growing tension in the city of Jerusalem and in the whole region.

We do hope that there will be ways of guaranteeing the safety of worshippers in Jerusalem as we do hope that the dignity of the Palestinian people will be respected.

We hope and pray that peace will be restored and that the future will be in the spirit of reconciliation.

With our wishes for peace

On behalf of the Danish bishops in the Evangelical Lutheran Church of
Denmark
